Product Description

A cost-effective, uncoated white woodfree paper label with a permanent acrylic adhesive, designed for general-purpose and promotional labelling. Known for trouble-free sheet-fed printing and excellent performance across a wide range of print processes. Available with permanent and removable adhesives (digital version in permanent only).

Features

- Economical: Designed to deliver value without sacrificing quality.
- Multiple adhesive options: Permanent, removable, freezer, and wine permanent adhesives.
- Excellent printability: Suitable for offset, letterpress, flexo, silkscreen, hot foil, UV varnish, and more.
- Sheet-fed printer friendly: Supports embellishments and high productivity.
- Uncoated white woodfree face: Ensures good smoothness and print quality.
- Good performance for die cutting thanks to strong and stable kraft backing.
- Digital version is dry toner compatible (permanent only).

Applications

- High-impact labels and signage.
- Large window stickers.
- Point-of-purchase (POP) advertising.
- Promotional and general labelling.

Not Recommended For

- Applications where the substrate has not been pre-tested for compatibility.
- Repositioning after application—adhesive is not meant to be moved after sticking.
- Jobs requiring long shelf-life over 1 year (unless stored perfectly at 23°C, 50% RH).
